ENJOY CONSTANT COOLING

Easily integratable bio-based PCM cooling pack. For when exact temperatures are of the essence.

Our rugged all-round PCM cooling vest offers constant cooling

and heat stress protection for professionals who need expert cooling underneath protective industrial clothing in extreme heat situations. Hi-Tech -PAC® products are also suitable for medical applications where constant cooling is required.

This Bodycool Pro cooling vest performs under extreme temperatures and under every level of humidity.

Offering exact temperatures, our Hi-Tech -PAC® Bodycool Pro cooling vest is often used under military combat gear, hazardous materials suits, mascot costumes and other professional apparel. The inside of the vest is provided with 4 pockets in which our bio based PCM cooling packs can be inserted.

Our PCM cooling packs are available in 5 different temperatures:

- 6.5°C/ 44°F (Sport)
- 15°C/ 59°F (Sport)
- 21°C/ 70°F (Work)
- 24°C/ 75°F (Work)
- 29°C/ 84°F (Work)

Buckles allow a tight fit, while being stored safely in the pockets of the vest. Reactivation is fast and easy: simply put the pack in ice water, freezer or fridge or store it at a lower temperature until it becomes fully solid.
